Proposal to Amend SWE Bylaws

**Rationale:**
The governance subgroups have each been tasked with identifying areas in the bylaws that can be amended during FY16. The proposed governance structure doesn’t include the senate as it is today. A new Strategic Advisory Board would be created to take on the strategic responsibilities of the current Senate and related committees. This change is one step in our governance re-alignment that will better align roles and responsibilities to the correct organizations.

The Nominating Committee already has a process laid out for vetting and slating candidates. In the past, when the Senate has needed to take on this role of vetting and voting to fill a vacancy, they have to work on a compressed timeline, with less information than the nominating committee may already have. The Society is also moving away from snail mail ballot information. This process improvement will be cheaper and help align the traditional election process with filling a vacancy, making it easier for the entire membership to vote in a timely manner.

**NOTE:** The Deputy Speaker and the Senate Secretary are elected by the Senate. If this amendment passes, it will have no effect on how vacancies in those positions would be filled.

**Pro:**
The Nominating Committee currently vets candidates during the normal election process.
The membership already elects the board and should elect the person that would fill a vacancy.

**Con:**
There will be additional workload on the nominating committee that would be out of cycle from their normal process and has the potential for interfering with that process, depending on the timing.
There will be a cost in doing a full ballot of the membership.

**Action Items:**
The slate will be prepared by the Nominating Committee. The Senate Procedures and the Election Manual will have to be updated to reflect the process change.

**Bylaws Committee Comments:**
The bylaws committee has concerns about whether this process can be completed in a timely manner, considering that vacancies must be filled within sixty days.
The bylaws committee recommends rejection of this proposal, and least while the senate still exists.
